Weekend Offerings

Expedition (ages 5-8). Ready for camp, but maybe not ready for a full week? Small cabin groups and earlier to bed, but the same great activities as Alpha sessions.

Endeavor (ages 8-18). Endeavor is a quick version of our Alpha and Omega programs plugged into a Friday-Sunday schedule. It's a great bridge between two week-long sessions. There's not enough time to do everything at camp...but you can try.

Variety & Imagination Fuels Alpha

Alpha (ages 8-12). Mornings and afternoons all week are wide open to the imagination. Campers practice cooperation and compromise as they work with the rest of their cabin group to plan their day and fill their schedule with activities such as archery, Bible study, canoeing, hiking, floor hockey, fort building, swimming, and more.

Same But Different—in North Texas

Sojourn at Camp Shiloh (ages 8-18). This week centers around the same values and goals as all of our programs at Camp Lone Star, but it's got a unique flavor brought by Camp Shiloh's more intimate camp setting. You can take a dip in the lake, or canoe the shoreline. Located in Pitts-burgh, Texas, 100 miles east of Dallas.

A Completely Different Session

Night Owl (ages 10-12). Campers start the day with supper and go to sleep after breakfast. All night long, you explore the nighttime opportunities that Camp Lone Star and the community have to offer. Late night cookouts, astronomy, challenge course, sunrise swimming and field trips fill the evening in this nocturnal session.
